At Federation licensed competitions, horses entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (Rhinopneumonitis) vaccinations within six months prior to entering the stables. Horses not in compliance with this rule may be required to leave the competition grounds upon request by Competition Management. Documentation should consist of one of the following methods mentioned below. The frequency of vaccine administration should be per the vaccine manufacturers' or veterinarian's recommendations. It is recommended that vaccines are administered by or under the direction of a veterinarian. 2. In the case of vaccines administered by a veterinarian, the exhibitor, upon request by Competition Management, must provide documentation from the veterinarian on documenting that the horse in question received the vaccinations; name of the vaccines and date of vaccine administration. 3. In the case of vaccines administered by a person other than a veterinarian, the exhibitor, upon request by Competition Management, must provide a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; name, serial number and expiration date of the vaccine; and date of vaccine administration. 4. In the case of a horse that is unable to receive either of the vaccinations due to a history of adverse reactions, the exhibitor, upon request by Competition Management, must provide a letter from the veterinarian on official letterhead stating that the horse in question cannot be vaccinated due to medical concerns and a log of temperatures taken twice daily for the seven days prior to entering the competition grounds. These horses must also have their temperature taken and logged twice daily while on the competition grounds.

The log of temperatures should be provided to the Competition Management, steward, or technical delegate when requested. 5. Competition Management may not amend or enhance vaccination requirements without prior approval of the Veterinary Committee. BOD 1/17/15 Effective 12/1/15.

PLEASE ALSO REFER TO THE EQUESTRIAN PARK RULES AND REGULATIONS IN REGARDS TO OPERATION OF

What you will need – Come prepared and have a fast, pleasant experience 😊

1. A Negative Equine Infectious Anemia(EIA)Certificate

Also known as “Coggins.” Have an accredited veterinarian take a blood sample and send it to a lab for tests. When the tests are negative, a Coggins (or EIA) certificate will be returned. The document must be completed and signed by your veterinarian and endorsed by a Canadian Food Inspection Agency (CFIA) or a United States Department of Agriculture (USDA) veterinarian. Talk to your vet about the time frame needed for this process. The Coggins certificate is valid for 6 months (180 days) from the date that the blood sample was taken.

2. Health Certificate

The veterinarian will examine your horse, in conjunction with taking the blood sample. The Coggins test must be negative before a Health Certificate will be issued. This certificate must be signed by both your vet and a CFIA or USDA veterinarian. The Health Certificate is valid for 30 days from the date of issue. You can take your horse across the border as many times as you like within that 30 days.

3. A Supplementary Declaration or Certification sheet

In order to help control the outbreak and spread of CEM, this new supplementary declaration will be attached to your Health papers. Part A is for those travelling across the border for exhibition purpose—training, showing, rodeos, etc. Part B is for those travelling across the border for breeding purposes. This form is provided by CFIA when the Federal Vet approves the Health Certificate. A new supplement is required each time you cross from Canada into the U.S., so ask for as many supplements as you're going to need, or make copies. The USDA does not provide this Supplementary sheet as their Health Certificates include a statement regarding CEM.

4. Copies of each certificate.

Most ports of entry require a copy of all or some of these documents. The customs officers at the border may or may not be willing to make photocopies of the documents, and also a fee could be levied. Better to be prepared and take copies with you. Always keep the original.

Stop at both the Canadian Customs Office as well as the U.S. Customs Office. Have the Customs Officers stamp the “date of exit” on the Supplementary Declaration. Some U.S. border agencies do not recognize this form and although there is a spot for them to stamp (either/or), they may not and will send you back to the Canadian Customs Office. This protocol is not consistent, so cover all your bases and stop at both.

Show the Customs Officers the Health and Coggins Certificates and provide copies for those that need them. Requirements can vary from one Customs Office or port of entry to the next, so be prepared.

Upon the horse's return to Canada or the U.S., stop at both Canadian and U.S. Customs Offices again. When you return to Canada or the U.S. within 30 days of the date of entry into either country, no veterinary inspection is required at the border. Horses may enter/re-enter at any port of entry.

Have the Supplementary Declaration stamped again at the Canadian Customs Office. You will be required to sign the declaration stating that the horse was not bred (Part A) and travelled only to the “address of destination” as stated on the Health Certificate. If you bred your horse you will need a USDA accredited veterinarian's signature on the form (Part B) and also that of a USDA vet at the border upon return to Canada.

RANCH HORSE DIVISION – OPEN TO ALL BREEDS

- The purpose of Ranch Pleasure should reflect the versatility, attitude, and movement of a working horse. The horse's performance should simulate a horse working outside the confines of an arena and that of a working ranch horse. This class should show the horse's ability to work at a forward, working speed while under control of the rider. Light contact should be rewarded and the horse shall not be shown on a full drape of reins. The overall manners and responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations.

- Horses should NOT perform or be rewarded for performing gaits as they do in Western Pleasure. The horses are to be presented in a more forward-moving style than the typical Western Pleasure horse. The horse and rider will be scored on movement, which is cadence and rhythm of gaits, smoothness and consistency in performance, along with how they perform on the optional maneuvers.

- For rules regarding correct Western appointments, refer to MO132

- The required gait maneuvers will include the walk, jog, and lope of both directions; and the extended jog and extended lope going at least one direction; as well as stops, and a back.

- Optional maneuvers are side pass, turns of 360 degrees or more, change of lead (simple or flying), walk, jog or lope over a pole(s); or some combination of maneuvers that would be reasonable for a ranch horse to perform.

- RANCH RIDING: Each horse will work individually, performing both required and optional maneuvers, and scored on the basis of 0 to 100, with 70 denoting an average performance.

- RANCH PLEASURE: Horses will work as a group on the rail and will be asked to perform the required maneuvers only.

- The overall cadence and performance of the gaits should be free-flowing and ground covering at all gaits, with an emphasis on forward movement. Transitions should be performed where designated, with smoothness and responsiveness

Memberships Defined

Participating Membership (PM): A membership issued to an individual directly by USDF. The membership year is December 1 through November 30. PMs are available for 1-year (\$90), 5-years (\$360), or life (\$1,800). A USDF Youth Participating Membership (YPM) is available for individuals who have not reached their 21st birthday by December 1 of the current membership year (\$72). A PM allows the member to compete at USEF-licensed/USDF-recognized competitions and to participate as a rider and/or owner/lessee for all Adequan[®]/USDF Year-End Awards and the Great American Insurance Group/USDF Regional Dressage Championship program.

Group Membership (GM): A membership issued to an individual by USDF when the member name and dues are submitted to USDF through an affiliate Group Member Organization (GMO). The GM year begins December 1 and ends November 30. A GM allows the member to compete at USEF-licensed/USDF-recognized competitions and participate in the USDF Rider Awards program.

Business Membership (BM): A membership that runs December 1 through November 30 and is issued to a business or organization directly by USDF. The USDF BM (\$240) offers a wider variety of advertising benefits. BMs satisfy requirements of horse ownership only.

Education Membership (EM): A membership issued to an individual directly by USDF. This online education only membership expires 12 months after the date joined. This membership type does NOT allow an individual to compete at a USEF-licensed/USDF-recognized competition.

Non-Member (NM) Identification Number: For each USDF NM owner/lessee and USDF NM rider there will be a USDF NM fee of \$35 per competition that must be collected by the show secretary and submitted to USDF, along with the USDF Report of Fees document and the \$5 affidavit fee and Competition Affidavit Form if the person cannot provide a copy of their USDF NM card. Owners/lessees or riders exempt from the NM number requirements are also exempt from paying the USDF NM fee. If there are multiple owners of a horse and all are NMs, only one of the owners must pay the NM fee. If the horse has at least one owner who is a current USDF PM, GM, or BM there is no NM fee assessed. Competition management will be invoiced for all applicable USDF NM fees not received with the USDF

postcompetition paperwork, along with a report listing all USDF NMs. Competition management is then required to submit the NM fees within 30 days to the USDF. An individual with a USDF NM identification number is not eligible for any USDF membership benefits. Once a USDF NM number has been assigned, a USDF NM card can be obtained from the USDF website.

Horse Identification (HID) Number: A one-time tracking number for horses (\$35). Scores earned by a horse with an HID number will be recorded, but will NOT be counted towards Adequan®/USDF Year-End Awards. A horse with an HID number is not eligible to compete in Great American Insurance Group/USDF Regional qualifying or championship classes. An HID number can be upgraded to a Lifetime Horse Registration (LHR) for a fee of \$80. If a horse has a USDF LHR it does not need an HID number. An HID number is a one-time fee that does not need to be renewed.

Lifetime Horse Registration (LHR): A horse with an LHR (\$115) is eligible for Adequan®/USDF Year-End Awards, and eligible to compete in Great American Insurance Group/USDF Regional qualifying and championship classes, assuming requirements for the owner and rider are met. If a horse has an LHR it does not need an HID number. An LHR does not need to be renewed.

FEDERATION RELEASE

FEDERATION RELEASE, ASSUMPTION OF RISK, WAIVER AND INDEMNIFICATION. THIS SECTION WAIVES IMPORTANT LEGAL RIGHTS. READ IT CAREFULLY BEFORE SIGNING.

I AGREE in consideration for my participation in any and all Federation licensed and/or endorsed competitions to the following:

I AGREE that "the Federation" as used herein includes all United States Equestrian Federation licensed officials, officers, competition licensees, directors, employees, agents, personnel, volunteers, and Federation affiliates.

I AGREE that I choose to participate voluntarily in competitions with my horse, as a rider, driver, handler, vaulter, longeur, lessee, owner, agent, coach, trainer, or as parent or guardian of a junior exhibitor. I am fully aware and acknowledge that horse sports and competitions involve inherent dangerous risks of accident, loss, and serious bodily injury including broken bones, head injuries, trauma, pain, suffering, or death ("Harm").

I AGREE to hold harmless and release the Federation from all claims for money damages or otherwise for any Harm to me or my horse and for any Harm of any nature caused by me or my horse to others, even if the Harm arises or results, directly or indirectly, from the negligence of the Federation.

I AGREE to expressly assume all risks of Harm to me or my horse, including Harm resulting from the negligence of the Federation.

I AGREE to indemnify (that is, to pay any losses, damages, or costs incurred by) the Federation and to hold them harmless with respect to claims for Harm to me or my horse, and for claims made by others for any Harm caused by me or my horse while at competitions. I have read the Federation Rules about protective equipment, including GR801 and, if applicable, EV114, and I understand that I am entitled to wear protective equipment without penalty, and I acknowledge that the Federation strongly encourages me to do so while WARNING that no protective equipment can guard against all injuries. If I am a parent or guardian of a junior exhibitor, I consent to the child's participation and AGREE to all of the above provisions and AGREE to assume all of the obligations of this Release on the child's behalf. I represent that I have the requisite training, coaching, and abilities to safely compete in this competition.

I AGREE that if I am injured at any competition, the medical personnel treating my injuries may provide information on my injury and treatment to the Federation.

BY SIGNING IN SECTION 7 ON PAGE ONE, I AGREE to be bound by all applicable Federation Rules and all terms and provisions of this Federation Release, Assumption of Risk, Waiver and Indemnification Agreement.

USDF Statement on Animal Welfare

The United States Dressage Federation, Inc. (USDF), a federation of 125 independent organizations throughout the United States with a membership in

excess of 30,000 members, supports the concept of ethical treatment of animals.

Dressage is a classical method of training horses, based upon the horse's natural responses, as carried out in a gradual, planned program during which

the horse's athletic abilities are improved in a systematic manner. As a result, the horse becomes capable, comfortable, and responsive in partnership

with the rider without the use of force. Dressage competition at various levels of achievement is the ultimate test of the training program to determine

whether the desired harmony between horse and rider has been achieved.

The rules pertaining to dressage competition prohibit the use of artificial appliances, training aids, and drugs, which would force the horse to submit.

Instead, the emphasis is upon training and a cooperative partnership with the rider. Major competitions are carefully monitored to assure that there is

no unnecessary force or harshness displayed.

Unlike other horse sports in which horses enter training at a relatively immature state, dressage training is usually not seriously begun until the horse

is three or four. The top levels of achievement require five or more years of progressive training and it is not unusual to see horses in international

competition in their late teens. This, in itself, places a premium on good care and soundness throughout the horse's life.

While supporting the concept of animal welfare in its broadest form, the United States Dressage Federation, Inc., also recognizes that it is unrealistic to

ascribe human emotions and responses to the horse which in its wild state is a creature of flight, living a hard and precarious existence. Under domestication,

the horse is assured of ample food, water, and shelter, as well as protection against infectious diseases and damaging parasites, thus leading a

longer and healthier life with a high rate of survival.

As an educational organization, USDF has numerous programs, which teach people how to pursue the accepted, humane training methods. A program

of certifying instructors also emphasizes protecting the horse's welfare in pursuit of dressage training.

ATTENTION COMPETITORS

Each competitor is responsible for supplying management with correct applicable numbers (USDF and USEF) for horse, owner, rider, and trainer, before the day(s) of the competition.

The scores of competitors who fail to supply correct numbers may not be counted toward national awards.

Minors who do not have a valid driver's license which allows them to operate a motorized vehicle in the state in which they reside will not be permitted to operate a motorized vehicle of any kind, including, but not limited to, golf carts, motorcycles, scooters, or farm utility vehicles, on the competition grounds of licensed competitions. Minors who have a valid temporary license may operate the above described motorized vehicles as long as they are accompanied by an adult with a valid driver's license. The parent/legal guardian or individual who signs the entry blank as a parent or guardian of a minor operating a motorized vehicle in violation of this rule are solely responsible for any damages, claims, losses or actions resulting from that operation. Violations of this rule will be cause for penalties against those responsible for the child committing the offense. Wheelchairs and other mobility assistance devices for individuals with disabilities are exempt from this rule. The unsafe use of personal electronic transport devices, as determined by the competition officials and management in their sole discretion, that do not require a driver's license to operate, including but not limited to segways, hover boards, and single wheeled scooters is prohibited on competition grounds. Operating such devices in areas where people gather may be deemed "unsafe use" if there is a risk of harm to others. If the operator of the device is a minor, the parent/legal guardian or individual who signs the entry blank as a parent or guardian of a minor operating the device in violation of this rule is accountable and may be subject to penalties. Wheelchairs and other mobility assistance devices for individuals with disabilities are exempt from this rule.
